Happy feet! I've got those hap-hap-happy feet!

Give them a low-down beat

And they begin dancing!

I've got those ten little tip-tap-tapping toes,

When they hear a tune

I can't control the dancing, dear,

To save my soul!

Those weary blues can't get into my shoes,

Because my shoes refuse

To ever grow weary.

I keep cheerful on an earful

Of music sweet; Just got those hap-hap-happy feet!
